COMPOUNDS

**RESPONSE TO ELECTION OF SPECIES**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This responds to the Election of Species Requirement, dated March 26, 2010. The Examiner has identified the application as containing claims directed to more than one distinct species. The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. The Examiner believes claims 13-15, 33, 34 and 40 are generic. Applicant has been advised that a response to this requirement shall include an identification of the species that is elected and a listing of all claims readable thereon.

In response to the Examiner's requirement, Applicant elects the organism *Hansenula* in claim 32; the organism *Galderia* in claim 36; the organism *Cyanidium* in claim 38, (a) one or more of glucose, fructose and sucrose in claim 39 for examination on which claims 13-15 and 31-40 are readable.
